Faculty Response UI

Supports Video or Text Responses

Why it Matters

12 Topics + New Topic

311 videos   2753 views   59.7h engagement

Engagement

- Tracks student views, posts, and responses to topics
- More Authentic Interaction
- Public Speaking Component
- Multimodal Interaction
- Social Learning

More Uses

- Useful in a Traditional Course
- Helps Confirm Online Student Identity
- Supports MP4 Uploads for Presentations
- Appsmashing
- Students Can Create Assignments for Future Courses
